

# Consolidated name index to four books by Cecilia C. Botting and Roland B. Botting

Compiled by John Blythe Dobson, April 2020

johnblythedobson@gmail.com

This is a combined index to the surnames appearing in the following four books, designated by the abbreviations used by the authors themselves:

CFA = *Comfort Families of America: A Collection of Genealogical Data*, by Cecelia C. and Roland B. Botting (Brookings, South Dakota: the authors, 1971).

DJK = *Descendants of John Kennedy of Sussex County, New Jersey* [3rd ed.], by Cecelia and Roland Botting (1989).

DGT = *The Deans of Gainsboro Township*, by Cecelia and Roland Botting ([Tucson, Arizona:] the authors, [197\_]).

WMLC = *Wilcoxes and McIntyres of Lincoln County [Ontario]*, by Cecelia and Roland Bottin ([Tucson, Arizona:] the authors, [197\_]).

The present index was machine-sorted, causing certain prefixes or particles such as O', Mc, Mac, and St., to file slightly differently than in the original indexes. Variant spellings have only been merged if they were merged in the original works. Where discrepancies were noted between a spelling in the index and that in the text, the spelling in the text was followed. Note that the names Slingerland and Swenson appear in the index to CFA, but have no associated page numbers and have not been located in the text; they are therefore omitted here.
